DISASTROUS FLOODS.

Several Towns in Canada Washed.

SOME VERY QUICK TELEGRAPHING.

Congress Still Discussing the Silver Question.

A Murderer Sentenced to Execution.

Disastrous Floods.

By Associated Press.
BARRE, Ontario, June 6.—The most disastrous flood that ever visited this town took place yesterday, in consequence of a two days' heavy rain. All the streets in the central part of the town are submerged, and the principal business thoroughfares presented an awful sight last evening. The water was fully two feet deep, and many stores were flooded. The streets in the vicinity of Five Points were washed away to a depth of six or eight feet, causing a chasm fully fifty feet wide. The vast body of water which rushed down from the hills carried everything in its path to the bay.

SCHOMBERG, Ont., June 6.—In consequence of the heavy rain yesterday and the sweeping away of two large dams, this village sustained heavy losses. Business houses and private dwellings were swept away by the flood, and many were left homeless and destitute.

GREENWOOD, Ont., June 6.—The most disastrous freshet ever known here occurred last evening. Four dams north of this place gave way and the roads were submerged, cellars flooded, bridges carried away and telegraph wires broken.

Congressional Proceedings.

By Associated Press.
WASHINGTON, June 6.—In the House the silver debate was resumed this morning. Lind of Minnesota, who was the first speaker, said silver should be restored to its former position; that this was demanded by the great mass of American people.

RESTATE.

Mitchell moved to reconsider the vote by which the Senate passed yesterday a bill authorizing the construction of a railway bridge across the Columbia river near Vancouver. The motion was entered.

The silver bill was then taken up, and Plumb addressed the Senate.
At a late hour this afternoon both Houses of Congress were still discussing the silver bill.

Arrested for Embezzlement.

By Associated Press.
CHICAGO, June 5.—Ex-Judge Henry S. Austin, an old and respected member of the Chicago Bar, and who was prominently connected with the founding of the city of Keokuk, Iowa, has been imprisoned by Judge Koonsalt for the embezzlement of \$6,954 from the funds of the estate of which he was administrator. Judge Austin says his imprisonment is unjust; that he borrowed money from the heirs to use in a financial venture. Meeting with disaster, he was compelled to make an assignment, but could have made up the deficiency had the heirs given him time. They became distrustful, however, and took steps which resulted in his arrest.

Opinion of a Private Gentleman.
By Cable and Associated Press.
BERLIN, June 6.—The Berliner Tageblatt says Chancellor Caprivi has sent communications to the powers of Europe, informing them that the utterances of Bismarck since his retirement from office concerning the affairs of Germany merely expressed the opinion of a private gentleman.

It is announced that Caprivi's communication to the European powers concerning Bismarck, referred to by the Tageblatt, was merely a usual notification of Bismarck's resignation.

A Few Nominations.

By Associated Press.
WASHINGTON, June 6.—The President nominated Frank C. Partridge of Vermont Solicitor of Claims of the State Department, vice Walker Blaine, deceased; Ashbury B. Conoley of Wyoming, Associated Justice of the Supreme Court of Wyoming, and Lileston B. Bartlett, Probate Judge of Grand county, Utah.

Quick Work.

By Associated Press.
NEW YORK, June 6.—The Associated Press report of the Derby on Wednesday was delivered by wire direct in the Associated Press office here by the Western Union cables within five seconds from the time of filing in England. This is the best time on record.

Presbyterian Synod.

By Associated Press.
NEW YORK, June 6.—The Reformed Presbyterian Synod resumed its session to-day. The time was devoted to the reports of the Presbyteries and a discussion on the report favoring a union of the branches.

The report of the Committee on Secret Societies caused some excitement and considerable discussion. Among others, Rev. Dr. Johnson of Oakland, Cal., arraigned the Masonic Order severely. After a long debate a committee was appointed to draft a set of resolutions indicative of the sense of the synod.

Rev. Dr. Johnson of Oakland, in his speech, said: "I believe the church should take a stand against Masonry, but ministers are afraid to come out and denounce it, because it is all powerful and its members are even in the pews of all churches. The churches of the whole country are affected in the same way. The Pope of Rome has taken a stand against it, and it was just as important that other Christian denominations should also."

The Negro Conference.

By Associated Press.
LAKE MOHONK (N. Y.), June 6.—At the opening of the morning session of the Negro Conference the Executive Committee presented a series of resolutions urging education as the keynote of the situation—education, normal and industrial.

Judge Tourgee spoke on "The Negro's View of the Race Question," and presented a series of resolutions much more radical than those of the committee.

Hon. Andrew D. White said he believed in a peaceful solution of the race problem, and regretted the defects of the Blair bill.

Other addresses were made by John Glenn of Baltimore, General Brinkerhoff of Ohio, General O. O. Howard of New York and Edna D. Cheney of Boston.

The Choctaw Lottery.

By Associated Press.
LITTLE ROCK (Ark.), June 5.—It is announced that the Choctaw Lottery Company of Choctaw Nation, Indian Territory, is about to begin operations, officers having been elected and \$800,000 worth of stock placed. This lottery obtained its franchise at the last session of the Choctaw Legislature, having secured the passage of a bill chartering it under the name of the Choctaw Orphan Asylum Lottery Company. A large share of the profits is to be given to the orphan asylum. It is stated that the United States Government has been asked to prevent the company from operating on the ground that the law chartering it is in conflict with treaties between the Indians and the United States.

In the Interest of Good.

By Associated Press.
TACOMA, June 5.—It has transpired that recent negotiations for the purchase of the Seattle, Lake Shore & Eastern Railroad have been in the interest of Jay Gould and other New Yorkers. J. B. Pace, the wealthy Virginia tobacco planter, and a large holder of the stock, has been the prime mover in the matter, and it is now stated, has secured a controlling interest in the road. It is also asserted that the road will be at once extended eastward to Spokane Falls and connect with the transcontinental road and north to connect with the Canadian Pacific.

Eastern Thunder Storms.

By Associated Press.
NEW YORK, June 6.—The terrific thunder storms of last evening, throughout the night and till long after daybreak this morning seem to have been widespread. From all points of the compass, and from hundreds of miles away, there are stories of floods and havoc by lightning and high winds. Several lives were lost. In and about the city several buildings were struck and burned. Houses were unroofed and fences and trees laid prostrate.

Sentenced to Death.

By Associated Press.
KNOXVILLE (Tenn.), June 5.—Daniel Beeler, a notorious character in this section, was to-day sentenced by the Criminal Court to hang. Beeler murdered Sheriff Greenlee of Granger county in 1889. The date of the execution is not fixed.

Bar silver, 104.

CASH VALUE OF A WIFE.

A Virginia Court on the Graded Valuation of Wives.
The Virginia Court of Appeals in affirming the verdict of a lower court, which had awarded 6,000 damages for the negligent killing of a wife of superior character, said: "If the wife be loving, tender and dutiful to her husband; thrifty, industrious, economical and prudent—as the evidence in this case proved Mrs. McConnell to be—then her price is far above rubies, and the loss of such a wife, of such a helpmeet, of such an influence, of such a blessing and potent ministry and companionship, is a proper element of damages to be considered by the jury in fixing the solatium to be awarded to the husband for tearing her from his heart and home."

SHIPBUILDING PLANT.

With Capital Stock of \$5,000,000.

ANOTHER SERVIAN DIVORCE CASE.

The French Win a Hotly-Contested Battle.

A Despondent Rancher Commits Suicide.

A Hotly Contested Battle.

By Cable and Associated Press.
PARIS, June 6.—The latest news from French Soudan is given in a correspondence to Le Temps from St. Louis, Senegal, dated May 8th. The correspondent says: "Commander Archinard, anxious to terminate the campaign, marched with a small column composed of artillery upon the town of Uneseboungouk in order to disperse the last partisans of King Agmadou. The place was a real fortress, defended by 1,000 men. The attack began on April 24th. The troops succeeded during the day in occupying a portion of the town, but the Couplers kept fighting inch by inch. The battle raged throughout the night with great fury, and it was not until the evening of the next day that we were masters of the town. As for its defenders, not a single one survived. They were all killed on the spot or blew themselves up by setting fire to the powder magazine. We had fifteen killed and seventy-two wounded. The Bambaras auxiliaries suffered most. Two Europeans only were killed and seven wounded."

A Valuable Plant.

By Associated Press.
PHILADELPHIA, June 6.—The new syndicate which has purchased land for an immense ship-building plant on the Delaware river is one of the most substantial concerns of the kind ever established in this country. The completion of the works at an early date as possible is assured.

His Despondency Cured.

By Associated Press.
FRESNO, June 5.—L. A. Richards, a ranch hand employed on the farm of Hon. J. P. Vincent, ten miles northeast of this city, committed suicide yesterday in his room by sending a Winchester rifle bullet through his brain. He was unmarried, a native of Michigan, and 28 years old. Last night the body was brought to town. The inquest developed the fact that he has been despondent. He was well connected, and owned a fine vineyard near Fresno.

Looking Out for His Friends.

By Associated Press.
WASHINGTON, June 5.—Mr. Morrow called at the State Department to-day and had a long conference with First Assistant Secretary W. Harton, respecting certain consulates to which friends of Mr. Morrow desire to be appointed. Among them is the Consulate at Antigua, West Indies. The conference was very satisfactory and Mr. Morrow came away satisfied that some of his friends would be taken care of.

Want to be Protected.

Special to the GAZETTE.
SAN DIEGO (Cal.), June 6.—The latest statement in regard to the filibustering scheme is that advice has been received to the effect that the Mexican Government has requested the United States to send a regiment of soldiers to San Diego to prevent any conspiracy to capture Lower California from being carried out.

Will Sue for a Divorce.

By Cable and Associated Press.
PARIS, June 6.—The Steele says Dristee, formerly Prime Minister of Servia, is about to bring an action against his wife for a divorce. Milan ex-king, of Servia, is co-respondent.

Exempt From Jury Duty.

By Associated Press.
ALBANY, June 6.—Among the bills signed by the Governor to-day was one exempting editors and reporters of newspapers from jury duty in New York City.

An Approaching Marriage.

By Cable and Associated Press.
LONDON, June 6.—The marriage of William O'Brien and Miss Radcliffe will take place at Brompton oratory on Wednesday.

Flack's Sentence Affirmed.

By Associated Press.
NEW YORK, June 6.—The Supreme Court, at its general term, affirmed the sentence of ex-Sheriff Flack.

Burned to Death.

By Cable and Associated Press.
BERLIN, June 5.—During the progress of a ball at Darmstadt Tuesday night a chandelier containing a number of lamps filled with petroleum fell to the floor in the midst of a crowd standing about. The lamps exploded, scattering the burning oil over the terrified men and women in that part of the hall.

A horrible scene ensued. Shrieking women with their garments blazing ran in all directions, defying the efforts of their friends to extinguish the flames, and many were thrown with the violence born of desperation to the floor, and held while their burning clothing was torn from them.

Two ladies ran into the open air and were burned to death before their pursuing friends could overtake and relieve them.

Thirteen others were seriously burned and it is thought that some of them cannot survive their injuries.

LOCAL INTELLIGENCE.

A Rare Chance to Dress Up.

Attention is called to John Sunderland's new ad. in to-day's GAZETTE. His stock of men's youths' and boys' boots and shoes, and ladies' misses' and children's shoes, men's and boys' hats, clothing, furnishing goods and neckties cannot be surpassed between Omaha and San Francisco, and he is determined not to be undersold by any retail dealer west of the Rocky mountains.

To buy anything at all in the dry goods line of F. Levy & Bro. during their present great sale is like making one dollar go further than two dollars.

THE SKELETON MARKET.

The Medical Department of the Army Wins a Contract.

A Washington correspondent of the Boston Herald writes as follows: There appears to be something wrong with the human skeleton market. The Medical Department of the Army has had a contract with a New York firm since 1887 for supplying 150 skeletons at specified times.

The firm secured the contract by bidding against three other firms in this country, each proposing to furnish the skeletons required at about the same price, showing that a rate and, perhaps, a combine existed, even in so uncanny a traffic. The firm some months ago requested and obtained an extension of time in the delivery of the skeletons. Now they have asked that the price paid by the Government be increased, basing the request on no more definite ground than "certain exigencies of the skeleton market." The matter was referred to the Second Comptroller and that official decides that the request cannot be granted; that the contractor should not have the advantage over competitors whose prices originally were higher than the contract figure. The firm have seventy-five skeletons remaining to be delivered.

Sit Down on the "Kicker."

The following editorial, clipped from the San Francisco Post, applies so vigorously to Washoe county politics that we reproduce it: Gentlemen who are aspiring to office, and likewise their friends, should not permit themselves to forget that other gentlemen have as good a right to aspire as they have. It will be well for the Republican party's interest if those who are seeking nominations at its hands refrain from regarding as interlopers and personal enemies fellow Republicans who are equally ambitious. Undue warmth of rivalry prior to the meeting of the State Convention always breeds enmities which hurt at the ballot box. The party should, and will, deem its own welfare paramount to the desires of any member of it, and a Republican who, in his anxiety to grasp honor for himself, shows a tendency to subordinate the common cause to his own, justly forfeits whatever claim he might otherwise have on the consideration of the organization. The time for fighting is after the convention has adjourned, and then all the hard words and blows should be bestowed upon the enemy. Those who now, in behalf of their favorite candidates for the governorship, for instance, are pitching into other gentlemen spoken of for the place are selfish, stupid breeders of strife, and not good Republicans. It is to be observed that the men most given to this rancorous and short-sighted style of campaigning have anything but a first rate party record. It is time that they were made to know their place and given to understand that the path to preferment does not lie over the knifed reputations of better men than themselves.

THE North American Review for June brings to a close the 150th volume of this ably-conducted and indispensable periodical. It may be described as an international number in more senses than one. Its most prominent "feature" is a symposium on the question "Do Americans Hate England?" One effective answer to the question is furnished by the fact that no less than three of the contributors to the rich and varied feast which is set before the reader are Britons. Mr. Parnell writes incisively of "Mr. Balfour's Land Bill," pointing out in what respects it is unsatisfactory to the Irish National party, and telling why it will be vigorously opposed at every stage. The Marquis of Lorne finds a congenial theme in "Sir Charles Dilke's New Book" on "Problems of Greater Britain." What he has to say regarding Canada and the United States will command special attention.

THE Spn of Sarnia, Ontario, calls the attention of the Dominion Government to the fact that the Chinese make that place their point of departure for the United States. It also reports a regular invasion agency at Toronto similar to that established on our southern border. In other words, Canada permits on its soil an organization for the invasion and violation of the laws of the United States. Where does the country of nations come in here? This comes pretty near being an unfriendly act, and at least calls for negotiations.

THE names and addresses of a lot of Mormon immigrants, who arrived at New York last Wednesday, were taken, with the view of bringing a test case at "some time in the future" to determine if the Mormons come here in violation of the Contract Labor law. This delay will give the Mormons an excellent opportunity to fix up the case to suit their own purposes. If the case were made up at once there might be some chance of getting at the truth.

THE released Duke of Orleans still professes his ardent desire to serve in his country's army "for God and France." The chances are that he would serve his own purposes best. The patriotism of the Bourbons is largely founded on the dictum of Louis XIV: "I am the State."

It is rumored in shipping circles that in the event of the passage of the Steamship Subsidy bill, now before Congress, the Spreckles Bros. will build three 5,000-ton steamers for the Australian service, and the Pacific Mail four new vessels for the South American trade. This may not be authoritative, but there is little doubt, judging by reports from various parts of the country, that American enterprise will be quick to avail itself of any inducements which Congress may hold out. Preparations are reported from Eastern cities to begin building in case the bill passes. Every steamer so built will be not only an instrument of commerce, but an addition to the navy of a swift and powerful cruiser.

In both Houses of Congress yesterday was a red letter day on the silver question, and it now looks as though the McKinley proposition is likely to become a law during the present session.

Strong Language.

J. B. Langford, ex-mayor of North Des Moines, Iowa, said recently: "I have just recovered from a severe attack of laryngitis. I used Chamberlain's Cough Remedy, and applied Chamberlain's Pain Balm to my breast. These remedies were just the thing in my case. My child had croup some years ago, and we used Chamberlain's Cough Remedy with perfect success, since then we have never been without these medicines in our house. I had a cousin who was a printer and was employed in a job office in this city, where they were printing circulars for Chamberlain. He had a deep-seated cold and a terrible cough, and while setting up the copy he made up his mind to buy a bottle. It cured his cough and that was the first time I ever knew anything of Chamberlain's remedies. I have been strongly in their favor ever since. My own experience and that of my family convince me that these remedies are the best in the world. That may be strong language, but that is what I think." For sale by Shoemaker & Co.

The Preventive of a Terrible Disease.

No disorders, except the most deadly forms of lung disease, involve such a tremendous destruction to the organic tissue as those which fasten upon the kidneys. Such maladies, when they become chronic, and none are so liable to assume that phase—completely destroy the system. To prevent this terrible disease, recourse should be had, upon the first manifestation of trouble, to Hoot's Sarsaparilla, which experience has proved to be highly effective as a means of imparting tone and regularity to the organs of urination, as well as to the liver, stomach and bowels. Another beneficial result of this medicine, naturally consequent upon its diuretic action, is the elimination from the blood of impurities which begot rheumatism, neuralgia, gout, dropsy and other maladies. By increasing the activity of the kidneys, it augments the depurative efficiency of these organs, which are most important outlets for the escape of such impurities.

A Sermon of Paper Saves Her Life.

It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her more, bought an other and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. For further particulars send stamp to W. H. Cole, druggist, Dr. Smith. Trial bottles of this wonderful Discovery free at W. F. Pinner's drug store.

Nobody Tells Nobody.

Dr. B. Hamlin, of Lemoore, Cal., says a few dozen bottles of Chamberlain's Cough Remedy which he sold there created such a demand for the remedy that he could not well do without it. Those who use it find it so much superior to any other remedy they have ever tried that they recommend it to their friends, and that is what makes it so popular. For sale by Shoemaker & Co.

A Sure Cure for Piles.

Itching Piles are known by moisture, like perspiration causing intense itching when warm. This form, as well as blood, bleeding and protruding, yield at once to Dr. Bosanko's Pile Remedy, which acts directly on the parts affected, absorbs tumors, allays itching and effects a permanent cure. See Druggists or mail; treatise free. Dr. Bosanko, Piquette, O. Sold by S. J. Hodgkinson.

WRIT OF PROHIBITION.

An Unusual Proceeding in a Nevada Court.

The petition of Josephine Walcott for a writ of prohibition against the District Court of White Pine county and Hon. Thomas Wells as Judge thereof, was argued Monday and Tuesday before the Supreme Court at Carson. A. C. Ellis represented the petitioner, Josephine Walcott, and Wren & Cheney and Judge Rives the respondent, Wells.

The petitioner seeks to prohibit the White Pine District Court and Judge Wells from proceeding any further in the suit of Walcott vs. Watson, pending in said Court, which suit involves the title to one-half of the celebrated Joanna and Great Western and other mines in Ely District.

The proceeding is a rare one in Nevada and the writ is demanded upon three grounds: First—That the action has been dismissed by plaintiff. Second—That the suit has been transferred to the U. S. Circuit Court of Nevada by the plaintiff, the defendant having made a counter claim for \$40,000 against plaintiff. Third—That Judge Wells has no authority or jurisdiction to try the case, because it is claimed that the Act of 1889, under which he holds his office and exercises judicial functions, is unconstitutional and void.

The case is a very interesting one and the discussion took a wide range. The Court has taken the case under advisement.

CORRECTED.

A State Official on the Warpath—Who Imagines Everybody else in the Name Best.

A TEMPEST IN A TEACUP.—Not exactly that, but it is an old saying and somewhat applicable to the row between the hotel men of Reno and the GAZETTE, in reference to the "mean-ness of State officials." A gentleman who was at Reno on business connected with the water works, informed a Tribune reporter that seeping was the order of the time, and the GAZETTE men had to make themselves very scarce. The officials from the Capital were much exercised on the subject and intend for the future to select some friend's residence as a stopping place in preference to patronizing hotels.—Carson Tribune.

There is not, nor has there been, any "row" between the hotel men and the GAZETTE, and "a gentleman who was at Reno on business connected with the water works" must have been looking through the goggles of a State officer when his addled brain made the discovery. The State official to whom the GAZETTE alluded would "select some friend's residence as a stopping place" rather than pay his bills at a hotel every time, so there is no kick coming out of that score.

McKISSICK'S OPERA HOUSE.

The Drama of "Paul Mauvray" Tomorrow Night.

This drama is said to have every where been pronounced the strongest attraction of the present season. The plot and development of the story are impressively vivid. There are some fearful scenes, and particularly the tableaux disclosing the monster of anarchy, the guillotine, with the victims awaiting death. The situations and climaxes are most thrilling. The power of love forms an important part of the play, and Paul Mauvray shines resplendent, not only for his patriotic daring, but the sacrifice he made and the agony he endured for his wife, who belonged to the aristocratic class, and against whom all the wrath of the infuriated, blood-sucking populace was directed.

Joseph Haworth is regarded as one of the greatest actors now on the American stage. The play will be a great treat for all lovers of the legitimate drama.

Winne-mucca School District.

The recent school census of Winne-mucca School District makes the following showing: Total number of children in the district between the age of 6 and 18 years, 231—boys 112, girls 119; number of children under 21 born in Nevada, 108; total number of children attending public school, 202; attending private school, 20; number between 6 and 18 years of age not attending any school, 4; number between the age of 8 and 14 attending public school, 138; number attending private school, 10.

Get Your Nick Ready.

The soliciting committee for the Fourth of July will meet to-morrow at the Nevada Bank at 10:30 and start out on their mission to raise funds for the celebration. It is hoped that everybody will be prepared to give something and that they will have made their mind how much they intend to contribute before the committee calls upon them, and give it cheerfully thereby saving much valuable time.

A Big Sale.

Jacob McKissick has sold all his sheep, numbering 7,000 head, to Gerlach & Fish. He also sold what is known as the Red Rock range in Clark Valley to the same parties. He got \$275 per head for his sheep. Mr. McKissick has this spring's wool clip.

A good appetite is essential to good health, and loss of appetite indicates something wrong. Hood's Sarsaparilla creates and sharpens the appetite, assists the digestive organs and regulates the kidneys and liver. Hood's Sarsaparilla this season. Sold by druggists.

PERSONAL.

Dave Wightman of Churchill county was in town to-day.

General R. M. Clarke arrived from Carson on to-day's 11:40 train.

Mrs. M. D. Foley left this morning on a visit to her parents at Eureka, Nev.

Mrs. W. O. H. Martin returned last evening from a visit to Virginia City friends.

Colonel M. N. Stone, who recently located in Salt Lake City, passed east this morning.

Mr. and Mrs. T. K. Stewart and children returned from a visit to San Francisco this morning.

Rev. F. M. Sanford, late of the Carson Episcopal Church, and wife have gone East to permanently reside.

Mrs. C. W. Irish, who spent the winter among her Iowa relatives and friends, returned to Reno on this morning's express.

Superintendent Gibson and family have taken possession of the Indian School building at Carson, and will soon commence operations.

Hon. J. M. Sanford and daughter of Churchill county and M. C. Jenkins, a wool grower, and John P. Brown of the same locality, were in town to-day.

W. E. Hughes, wife and daughter, of Bowling Green, Ky., who have been visiting Reno relatives, started for home this morning via San Francisco.

Mrs. Hughes is a sister of Mrs. J. N. Evans.

Joseph Barborka of Iowa City, who has the contract for the construction and putting in place of the large clock of the Carson Government building, arrived here last evening on his way to the State Capital.

Protecting Their Labor.

One hundred boys and girls of Woodland, Cal., have organized a Boys' and Girls' Co-operative Fruit Canning and Drying Union. The members of the Union range in age from 12 to 19 years. They propose to manage their business, and divide the profits according to the labor contributed by the members. The organization, it is thought, will have 50 members within a month, and will be prepared to contract with fruit men and raisin-growers to furnish labor in picking and boxing grapes.

Good Work and Cheap.

Attention is called to the advertisement of A. Nadon under "New To-day." Mr. Nadon has just completed one of the finest brick shops in the town and is prepared to do all kinds of blacksmithing. He has a corps of assistants that cannot be beat in the State and will guarantee all work done at his shop. He also keeps carriages, buggies and wagons of all kinds constantly on hand and sells them cheap. Give him a call and be convinced.

A Sensation Created.

In the Supreme Court of Arizona, at Prescott, yesterday, Attorney-General Churchill moved to have declared null and void the compromise entered into by the District Attorney and Board of Supervisors of Mojave county, with the railroad company, by which the latter settled its taxes by paying 50 per cent of the amount assessed against it, as has been the custom heretofore. A sensation has been produced by this move.

Frequently accidents occur in the house-

hold which cause burns, cuts, sprains and bruises; for use in such cases Dr. J. H. McLean's Volcanic Ointment has for years been the constant favorite family remedy.

PROFITABLE PRODUCTS.

Raisins, Oranges, Figs and Olives Will Pay.

The Merced, Cal., Express says: Merced county will not depend upon raisins for her future. We can grow and put in the market here as fine raisins as any place in the world, but it will not do to eat one loaf when there are many to choose from, all of them good. The big four of our future will undoubtedly be raisins, olives, figs and oranges; either of the three last named cutting more of a figure than the first in the total revenue of our county. There can be no such thing as an over-production of figs. The world has really only a fraction of the olives which it really needs for consumption. Oranges ought to be raised in California to be a common food, and at one-fourth the present price, California could grow all the oranges for the rest of our country. And in doing so our orange growers would make good interest on \$500 per acre. Prunes, almonds, walnuts and a hundred other different kind of fruits can be grown here in California as they can be grown nowhere else. People will always talk of over-production. If these same people had not over production to talk about they would have something else over which to feel miserable.

NEWS NOTES.

A West Virginian has a secret for embalming the dead that baffles scientists.

There is a very bad break in the Champlain Canal which will take several weeks to repair.

Governor Hill has signed a bill prohibiting minors from smoking in the streets or in public places.

The army worm continues its work of destruction in the wheat and corn fields of Somerset county, Md.

Ten and a half inches of rain fell last month in Maine, the largest precipitation in any month for twenty-one years.

Dr. Cyrus Edison says, in the June Forum, that smallpox is practically extinct in New York city, as a result of vaccination.

A lively Maine young woman has developed much skill in snaring Maine song birds and does quite a business in capturing and selling them.

Saratoga, which was once the gayest of fashion resorts, is now given over mainly to the interest of conventions, which are especially apt to be clerical.

There is no doubt in the minds of Republican Senators as to the passage of a tariff bill. There may be some delay, but a bill is certain to be passed.

One thousand dollars is a large sum to pay for a mouthful, but that is the amount a New Hampshire firm had to pay a neighbor who was bitten by their dog.

While it is fashionable to have a villa at Newport, it is said not to be a healthy place, and the cottagers resort to other places to counteract the effects of the climate.

A telephone wire fell upon a street-railway wire at Milwaukee. The current from the latter ran into the Central Telephone Exchange, destroying a switchboard and prostrating several girls, none of whom were seriously injured.

A FEW CURES.

Made by Joy's Vegetable Sarsaparilla.

Mrs. Belden, an aged and feeble lady at 519 Mason St., San Francisco, after going down steadily for months was completely restored and is now well and healthy.

J. H. Brown, book-keeper, Petaluma, cured entirely of his indigestion and constipation. Miss Clara Melvin, 126 Kearney street, S. F., cured of an aggravated case of indigestion and constipation.

J. R. Ponratt, Chief Wharfinger, foot of Clay street, S. F., cured of pains in the back, liver trouble and sick headaches. Mrs. J. Lamphere, 1242 Market street, S. F., had been under physicians' care for two years for liver complaint. With the third bottle of Sarsaparilla her ailment was cured.

Edward Nestell, 79 Everett street, S. F., cured of pains in the back and chronic flatulency. And over 1000 others.

MARRIED.

MOOREHEAD—NICHOLSON.—In Virginia City, Nevada, June 4, 1896, William Moore head and Mrs. Lillian Nicholson.

Make No Mistake

If you decide, from what you have heard of its cures or read of its merits, that you will take Hood's Sarsaparilla, do not be induced to buy something else which may be claimed to be "about the same" or "just as good." Remember that the sole reason for efforts to get you to purchase some substitute is that more profit may be made. Firmly resist all arguments, and insist upon having just what you called for, Hood's Sarsaparilla. Then you will not be experimenting with a new article, for Hood's Sarsaparilla is

Tried and True.

"In one store the clerk tried to induce me to buy their own instead of Hood's Sarsaparilla. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was, I had taken it, was perfectly satisfied with it, and did not want any other." Mrs. ELIA A. GORR, 61 Terrace Street, Boston, Mass.

We Are All Taking It.

"We could not be without Hood's Sarsaparilla. It is the best medicine we ever kept in the house. My family are all taking it." Mrs. J. M. BARNES, San Joaquin and Fremont Streets, Stockton, Cal.
